

S.No	Reference	Existing Clause / Context
1	Tender document Page4, Last Para of Introduction	<p>The parties may bid as a single entity or in consortium. In case of a consortium, there shall be a lead bidder. The lead bidder of the consortium or the single bidder (in case the bid is made in single) is referred hereafter as 'bidder' in this document.</p> <p>None of the Consortium members can be in more than one bid against this RFP. A bid is acceptable from an EMS organization with a partner who has required Marketing and Sales Capability. Similarly, a bid is acceptable from a System Integrator/ IT Equipment OEM/ IT Solution provider organization having Marketing and Sales capability with a partner who has required EMS Capability, and Bid is acceptable from an organization who can establish required capability of both manufacturing and Marketing & Sales.</p>

C-DAC Clarifications

In case of the Consortium, the bid should clearly specify the member responsible for EMS, the marketing and sales. The same will be mentioned in the ToT agreement.

In case of the Consortium, only one of the members (as specified in the bid) will be considered for evaluation for 'technical' or 'marketing and sales'.

Turnover of the Lead bidder or its parent organisation will be considered as eligibility criteria
