Introduction

Since its inception in 1988, Centre for Development of Advanced Computing (C-DAC) evolved different thematic areas of research include high performance computing, grid and cloud computing, multilingual computing, professional electronics, software technologies, cyber security, health informatics, ubiquitous computing, and education & training. It has resulted in the creation of a high-quality intellectual resource base at C-DAC in the form of expert teams with specialised knowledge of various facets of advanced computing.

With such a rich resource base at its command, C-DAC set up the Advanced Computing Training School (ACTS) in 1993 to meet the ever-increasing skilled manpower requirements of the Information Communication Technologies (ICT) industry as well as supplement its own intellectual and expert resource base for cutting-edge research and development.

Over the years C-DAC ACTS has designed and delivered various postgraduate and undergraduate degree and diploma programmes. In addition, C-DAC imparts ICT training to state and national governments and agencies, strategic sectors, corporate and industries, foreign countries, and international students based on their specific requirements.

To know more about ACTS, visit its website at acts.cdac.in

C-DAC's PG Certificate Programmes are NCVET approved, with 40 Credits aligned to Level 6

Important dates related to admission to C-DAC's PG Certificate Programmes of August 2026 batch through the C-CAT of July 2026.

MAY 2026

26 May 2026

Beginning of Online Registration and Application for CCAT

JUNE 2026

9 June 2026

Pan-CDAC Online Q&A Session on PG Certificate Programmes and CCAT Application Process

23 June 2026

Closing of Online Registration & Application, and Payment of Examination Fee for CCAT

30 June- 04 July 2026

Downloading of CCAT Admit Cards

JULY 2026

4 & 5 July 2026

C-DAC Common Admission Test (CCAT) at the Test Centres

16 July 2026

Announcement of CCAT Ranks

16– 23 July, 2026

Online Selection of Courses and Centers (1st Counselling)

17 July 2026

Pan-CDAC Online Q&A Session on CCAT Counselling and Seat Allocation Processes

25 July 2026

Declaration of First Round of Seat Allocation

31 July 2026

Last Date of payment of first installment course fee (Rs. 15,000+GST) for candidates allocated seats through 1st round

AUGUST 2026

2 August 2026

Declaration of Second Round of Seat Allocation

6 August 2026

Last Date of Payment of first installment course fee (Rs. 15,000+GST) for candidates allocated seats through 2nd round

7 – 12 August 2026

Payment of caution deposit (Rs. 15,000+GST) and Online Selection of Courses and Centers (2nd Counselling)

13 August 2026

Declaration of Third Round of Seat Allocation (based on 2nd Counselling)

20 August 2026

Last Date of Payment of Balance Course Fee

21 August 2026

Last Date of Document Verification & Registration of Students

24 August 2026

Start of PG Certificate Programmes across India

FEB 2027

6 February 2027

End of PG Certificate Programmes across India

Highlights of C-DAC's PG Certificate Programmes

- Well established courses with excellent placement records.
- 24-week full-time courses with 900 hours' theory + lab + project + 300 hours self learning.
- 6-8 hours per day theory + lab sessions on 6 days a week in most centres.

- Continuous lab and internal assessments during the course.
- Centralised Assessment for Module Theory Examination.
- Courses designed and developed in consultation with the domain experts in C-DAC, academia and ICT industry.

- Expert faculty from C-DAC and ICT industry with widespread domain knowledge.
- Tutorials, hands-on and projects relevant to the standards of the ICT industry.
- Special training on aptitude, effective communication and interview skills.
- Extensive placement orientation and region-wise common campus placements.

Common Eligibility Criteria

Minimum Eligibility Criteria Common for all the PG Certificate Programmes of C-DAC

- Graduate in Engineering or Technology (10+2+4 or 10+3+3 years) in IT / Computer Science / Electronics / Telecommunications / Electrical / Instrumentation.
OR
- MSc/MS (10+2+3+2 years) in Computer Science, IT, Electronics.

In addition to the common eligibility criteria given above, candidates with the course-specific qualifications mentioned below are ALSO ELIGIBLE for the particular courses. Minimum percentage of marks required in the qualifying examination is also stated in the details of PG certificate programmes. The minimum percentage of marks will be considered as per the norms of the university from where the candidate has graduated.

* For any specific engineering or postgraduate courses that are not mentioned below candidates may check their course eligibility by emailing their certificates and mark-sheets to actssupport@cdac.in before the last date of C-CAT application.

There is no age restriction for admission to C-DAC's PG Certificate Programmes. Candidates who have appeared for the final examination of their qualifying degree in 2026 will also be considered for admission to the above courses. By qualifying in C-DAC's admission tests of July 2026, such university result-awaiting candidates can apply for provisional admission in August 2026 batch, subject to the condition that:

- (a) All parts of their qualifying degree examination shall be completed by the date of joining the course, and
- (b) Proof of having passed the qualifying degree with at least the required minimum marks shall be submitted at C-DAC by 31 December 2026.

Software Development

PGCP in Advanced Computing (PGCP-AC)
PGCP in Advanced Secure Software Development (PGCP-ASSD)
PGCP in Mobile Computing (PGCP-MC)

Electronics & Software

PGCP in VLSI Design (PGCP-VLSI)
PGCP in Embedded Systems Design (PGCP-ESD)
PGCP in Robotics & Allied Technologies (PGCP-RAT)

Artificial Intelligence & Data Science

PGCP in Artificial Intelligence (PGCP-AI)
PGCP in Big Data Analytics (PGCP-BDA)

High Performance Computing (HPC)

PGCP in HPC System Administration (PGCP-HPCSA)

Security & Blockchain

PGCP in IT Infrastructure, Systems and Security (PGCP-ITISS)
PGCP in Cyber Security & Forensics (PGCP-CSF)
PGCP in FinTech & Blockchain Development (PGCP-FBD)

PGCP-AC, the flagship Post Graduate Certificate course of C-DAC, is designed for Engineering Graduates and Post Graduates in Computer Applications, Computer Science, and related fields who aspire to build a career in the domain of advanced computing.

Core Modules: Java, Spring, WPT, React ,C#, ASP.Net, C++, DBMS, Cloud

PG Certificate Programme in Advanced Computing

Course Modules

- C++ Programming
- Concepts of Operating System & Software Development Methodologies
- Object Oriented Programming with Java
- Algorithms and Data Structures (Using Java)
- Database Technologies
- Web Programming Technologies
- Web-based Java Programming
- Microsoft .Net Technologies
- Aptitude & Effective Communication
- Project

Eligibility

- Graduate in Engineering or Technology (10+2+4 or 10+3+3 years) in IT / Computer Science/ Electronics/ Telecommunications / Electrical / Instrumentation
- MSc/MS (10+2+3+2 years) in Computer Science, IT, Electronics
- Graduate in any discipline of Engineering
- MCA, MCM
- Post Graduate Degree in Physics / Mathematics / Statistics
- Post Graduate Degree in Management with graduation in IT / Computer Science / Computer Applications

The PGCP-ASSD course is dedicated to addressing security needs in contemporary software development, offering a balanced focus on programming fundamentals, and emerging technologies like machine learning & cyber security.

Core Modules: SDLC, Cryptography, Software Security, Android, Java, SNP, Python & ML

PG Certificate Programme in Advanced Secure Software Development

Course Modules

- C and Data Structures
- Object Oriented Programming using C++
- Linux System Programming
- Cryptography & Network Security
- Secure Web Application Development
- Secure Software Engineering
- AI for Cyber Security
- Project and Seminar
- Aptitude & Effective Communication

Eligibility

- Graduate in Engineering or Technology (10+2+4 or 10+3+3 years) in IT / Computer Science/ Electronics/ Telecommunications / Electrical / Instrumentation
- MSc/MS (10+2+3+2 years) in Computer Science, IT, Electronics

PGCP-MC course is oriented towards the ever-evolving domain of mobile computing. This course equips the participants with the required skill-sets to kick-start a career in the areas like Native and Hybrid Mobile Application development.

Core Modules: DBMS, Linux, AI Integration with Python, Android, Kotlin, Java

PG Certificate Programme in Mobile Computing

Course Modules

- OS Concepts and Linux Programming
- Database Technologies
- Object Oriented Programming with Java
- Algorithms and Data Structure using Java
- Web-based Java Programming
- Mobile Programming
- Hybrid Mobile Apps Programming
- AI on Mobile Platforms
- Aptitude & Effective Communication

PGCP-VLSI, a course derived from C-DAC's extensive research and development legacy, imparts knowledge in both theoretical and practical aspects of Very Large-Scale Integration design.

Core Modules: Verilog, UVM, HDL Simulation, System Architecture, CMOS

PG Certificate Programme in VLSI Design

Course Modules

- Advanced Digital Design
- System Architecture
- Programming Fundamentals for Design and Verification, Linux Shell Scripting and Python
- Verilog HDL
- HDL Simulation and Synthesis
- System Verilog
- Verification using UVM
- CMOS VLSI and Aspect of ASIC Design
- Aptitude & Effective Communication
- Project

Eligibility

- Graduate in Engineering or Technology (10+2+4 or 10+3+3 years) in IT / Computer Science/ Electronics/ Telecommunications / Electrical / Instrumentation

The PGCP-ESD course equips the students with a strong foundation in both theoretical and practical aspects of embedded systems design, preparing them for careers in fields such as automotive systems, consumer electronics, industrial automation etc.

Core Modules: Embedded C, RTOS, STM32, ARM, SPI, UART, CAN, Firmware

PG Certificate Programme in Embedded Systems and Design

Course Modules

- Embedded C Programming
- Data Structures and Algorithms
- Microcontroller Programming and Interfacing
- Embedded Operating Systems
- Embedded Device Drivers
- Real-time Operating Systems
- Internet of Things
- Edge AI for Embedded Systems
- Aptitude and Effective communication

Eligibility

- Graduate in Engineering or Technology (10+2+4 or 10+3+3 years) in IT / Computer Science/ Electronics/ Telecommunications / Electrical / Instrumentation

The PGCP-RAT course aims to familiarize the students with the tools and techniques required to develop efficient, robust and industry-standard robots, fostering expertise in various critical areas of robotics.

Core Modules: CAD, ROS, C & Python, AI/ML, Sensors and Microcontrollers

PG Certificate Programme in Robotics & Allied Technologies

Course Modules

- Mechanical Design
- Electrical Design
- Programming Concepts
- Electronics Design: Sensor and Actuator Interface
- Robot Operation System (ROS)
- Mission and Motion Planning
- AI/ML Based robotic vision
- Aptitude & Effective Communication
- Project and Seminar

Eligibility

- Graduate in Engineering or Technology (10+2+4 or 10+3+3 years) in IT / Computer Science/ Electronics/ Telecommunications / Electrical / Instrumentation

The PGCP-AI course empowers individuals to navigate the realms of AI, equipping them with the expertise needed to engage with advanced technologies and implement solutions in various applications.

Core Modules: AI/ML, NLP, TensorFlow, R, Python, Java, Cloud, PySpark

PG Certificate Programme in Artificial Intelligence

Course Modules

- Mathematics and Statistics for AI
- Advanced Programming for AI
- Data Analytics
- Practical Machine Learning
- Deep Neural Networks
- Natural Language Processing & Computer Vision
- AI Compute Platforms, Applications & Trends
- Aptitude & Effective Communication
- Project

Eligibility

- Graduate in Engineering or Technology (10+2+4 or 10+3+3 years) in IT / Computer Science/ Electronics/ Telecommunications / Electrical / Instrumentation

The PGCP-BDA course is targeted towards those who wish to acquire advanced knowledge and skills in the area of data analytics within the context of business applications. The course includes training in statistical analysis, machine learning, data visualization, and other relevant techniques for extracting insights from data to support business decision-making.

Core Modules: ML, Apache Spark , Tableau, Python, Java, Cloud, DBMS, Business Analytics, GEN AI and Visualization

PG Certificate Programme in Big Data Analytics

Course Modules

- Linux Programming and Cloud Computing
- Python and R programming
- Java Programming
- Advanced Analytics using Statistics
- Data Collection and DBMS (Principles, Tools & Platforms)
- Big Data Technologies
- Data Visualization - Analysis and Reporting
- Practical Machine Learning

The PGCP-HPCSA course will aid the participants in enhancing their theoretical and conceptual knowledge in the domain of high-performance computing system administration.

Core Modules: HPC System Administration, Python, DevOps, Cloud, OS

PG Certificate Programme in HPC System Administration

Course Modules

- Computer Architecture and Linux Operating System
- HPC System Administration and Management
- Python Programming for HPC
- Fundamentals of Computer Network and Management
- Storage and Backup Management
- Resource Management and Accounting
- Security and Traffic Management
- Hadoop Administration
- Cloud Services and Security
- Aptitude and Effective Communication

Centralised Mid-Course and Course-End Examinations

The Centralised Mid-Course Examinations (CMCE) and Centralised Course-End Examinations (CCEE) including re-examination, if any, will be conducted physically at C-DAC, its training centres, and/or identified test centres in selected cities. While the students undergoing courses in physical mode shall appear for CMCE and CCEE at the same training centre/city, the students undergoing courses in online mode shall appear at the exam city of their choice from the city list to be provided by C-DAC before commencement of CMCE and CCEE. However, at its own discretion, C-DAC may allocate these students to any exam centre/city, with prior intimation, which shall be binding on the students. CMCE and CCEE of the August 2026 batch will be held in November 2026 and January 2027 respectively. CMCE and CCEE are conducted by C-DAC's Examination and Assessment Committee (CEAC).

Important Note: Overall 85% attendance is mandatory for a student to be eligible for CMCE and CCEE.

Common Campus Placement Programme (CCPP)

Close to 30 years, C-DAC has shaped the careers of over 3 lakh IT professionals in software development and other specialised advanced computing domains. The Placement Cells of C-DAC organise Common Campus Placement Programmes (CCPP) for its PG Certificate Programme students. For the August 2026 batch, C-DAC's CCPP will be conducted region-wise at Bengaluru, Hyderabad, Mumbai, Noida, and Pune. Training centres from other cities will be attached to one of these placement regions, so that students from all centres across India will get fair chance in placements. All C-DAC training centres actively coordinate and organize campus interviews for all their PG Certificate Programme students. More than 400 companies participated in C-DAC's campus placements in 2024 and 2025 across India. Candidates are advised to speak to the training centres to know more about its placements.

Important Notes:

- (i) Placements of the August 2026 batch will be held in physical or online mode, depending on the participating company's preference and C-DAC's decision.
- (ii) For campus placements, students will need to be stationed in the city where their CCPP Region's campus placements will be held.

Online Application for C-CAT

Beginning of Online Registration and Application for C-CAT: 26 May 2026

STEP 1

C-CAT Registration

The process of admission to C-DAC's PG Certificate Programme begins with registration of prospective candidates on the C-DAC website, www.cdac.in or acts.cdac.in.

Candidates are advised to read the instructions carefully while filling the online registration and application forms. Upon registering, candidates will get their Form Number that can be used to log in and fill the C-CAT application form online.

Important Note: The Form Number and password must be remembered by the candidate as it will be the reference number and login ID of the candidate during the whole admission process.

STEP 2

C-CAT Application – Filling Personal Details

Once candidates have completed registration, the next step is to log in and fill the C-CAT application form by entering the personal and qualifying degree details. All particulars provided in the registration and application forms must match with those in the documents that will be submitted at the time of admission.

STEP 3

C-CAT Application – Selection of Category of Courses

Next, candidates have to select the category (II or III) of PG Certificate Programme which they wish to apply.

- Important Note:**
- (i) Candidates selecting category III can apply for all PG Certificate Programme of C-DAC, provided they are eligible for these courses and obtain C-CAT ranks in categories II and III.
 - (ii) Similarly, Category II candidates can apply for the courses under category II.
 - (iii) Once the application form is submitted online, candidates will not have option to change the category of courses selected in the application form.

STEP 4

C-CAT Application – Uploading Candidate’s Photo

After filling the application form, candidates have to upload their clear passport size photograph.

STEP 5

C-CAT Application – Selection of Examination City

In this step, candidates must give three choices of cities for appearing C-CAT from the drop down available cities

STEP 6

C-CAT Application – Payment of Examination Fee

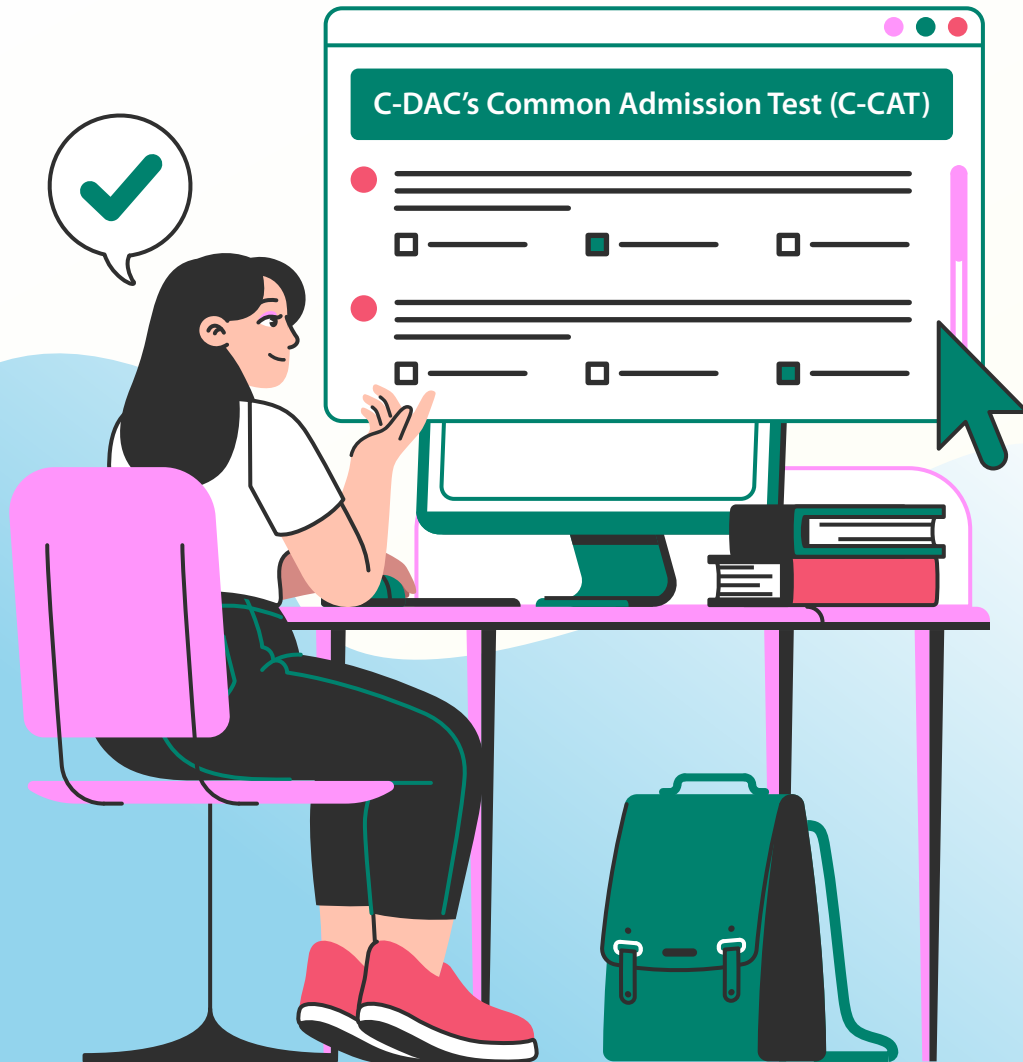

The final step of C-CAT application is the online payment of C-CAT fee. The details of payment are given in the section C-CAT Fee.

The steps successfully completed in the application process are shown with a tick-mark on the main menu of the online application. Candidates are advised to print/screen-shot their filled-in application form that can be obtained by clicking the 'View/Print Application Form' on the main menu and keep it for their records. Candidates facing any issues during online registration and application may contact C-DAC ACTS Pune (020-25503143 ; actssupport@cdac.in).

C-DAC's Common Admission Test (C-CAT)

Admissions to all PG Certificate Programmes of August 2026 batch are done through C-DAC's Common Admission Test (C-CAT) that will be conducted in computerised mode physically at C-DAC's test centres on July 4 and July 5, 2026. Candidates have to apply for C-CAT online at www.cdac.in or acts.cdac.in.

Candidates who clear the July 2026 C-CAT will only be considered for admission to C-DAC's PG Certificate Programmes of August 2026 batch on the basis of their C-CAT ranks and centre/course preferences.

C-CAT Test Papers

C-CAT has three sections (Section A, Section B, Section C) of one hour duration each. As shown in below, depending on the category of courses selected by the candidate, he/she will have to either appear for two test papers (Section A and Section B) or all the three test papers (Section A, Section B and Section C). The medium of C-CAT is English.

Important Note: A candidate can appear only for the specific section(s) in C-CAT as per the category of the courses opted by him/her at the time of filling the online application form.

Every section in C-CAT will have 50 objective-type questions. Each question will have four choices as possible answers of which only one will be correct. There will be +3 (plus three) marks for each correct answer, -1 (minus one) for each wrong answer, and 0 (zero) marks for each un-attempted question. The maximum mark a candidate can obtain in any one section of C-CAT is 150.

Categories of PG Certificate Programmes and the corresponding test paper(s) in C-CAT.

COURSE CATEGORY II

Sections A & B

- PG Certificate Programme in Advanced Computing (PGCP-AC)
- PG Certificate Programme in Big Data Analytics (PGCP-BDA)
- PG Certificate Programme in Artificial Intelligence (PGCP-AI)
- PG Certificate Programme in IT Infrastructure, Systems & Security (PGCPITISS)
- PG Certificate Programme in Mobile Computing (PGCP-MC)
- PG Certificate Programme in Advanced Secure Software Development (PGCP-ASSD)
- PG Certificate Programme in HPC System Administration (PGCP-HPCSA)
- PG Certificate Programme in FinTech & Blockchain Development (PGCPFBD)
- PG Certificate Programme in Cyber Security & Forensics (PGCP-CSF)
- PG Certificate Programme in Robotics & Allied Technologies (PGCP-RAT)

COURSE CATEGORY III

Sections A, B & C

- PG Certificate Programme in Embedded Systems Design (PGCP-ESD)
- PG Certificate Programme in VLSI Design (PGCP-VLSI)

C-CAT Dates

4 - 5 July 2026

C-CAT Cities

C-CAT will be conducted in computerised mode in various cities across India. The list of cities where C-CAT will be conducted in July 2026 is given below. Candidates need to give 3 choices of cities while filling the online C-CAT application form.

The C-CAT city once selected in the online application form cannot be changed unless approved in writing by C-DAC, subject to availability of seats on the requested city. All such signed letters of requests with proof of valid reasons should be received at actssupport@cdac.in before the last date of C-CAT application.

Cities where C-CAT will be conducted in July 2026*.

Ahmedabad	Bengaluru	Bhilai	Bhopal	Bhubaneswar	Chennai
Guwahati	Hyderabad	Imphal	Indore	Jaipur	Karad
Kochi	Kolhapur	Kolkata	Lucknow	Mohali	Mumbai
Nagpur	Nashik	Navi Mumbai	New Delhi	Noida	Patna
Prayagraj	Pune	Ranchi	Sambhajinagar	Silchar	Solapur
Srinagar	Thiruvananthapuram	Varanasi	Vijayawada		

* C-DAC at its discretion may cancel any of the above C-CAT cities due to less number of candidates or any emergency situation arising out of pandemic/calamities or any other relevant reasons.

C-CAT Fee

C-CAT fee structure is given **Candidates may note that the C-CAT fee once paid is not refundable.**

COURSE CATEGORY II	Sections A, B
Rs 1550/-	

COURSE CATEGORY III	Sections A, B, C
Rs 1750/-	

After filling the online C-CAT application form, the examination fee must be paid online. It can be paid using credit/debit cards through the payment gateway that will be opened upon clicking the 'Online' option of the 'Make Payment' step on the main menu of the application. Candidates are advised to follow the instructions/steps given on the payment gateway, and also print/save the transaction details for their records.

On receiving the examination fee at C-DAC, the 'Make Payment' step on the main menu of the online application will be tick-marked, and the status of payment will be updated on the 'Status Check' menu. The pdf application form obtained by clicking the 'View/Print Application Form' on the main menu will now have the transaction details of the payment made. Candidates facing any issues during online payment may contact C-DAC ACTS Pune through phone (020-25503143) or email (actssupport@cdac.in).

C-CAT Ranking

Candidates will be provided ranks based on their performances in Sections A+B, Sections A+B+C of C-CAT. If a candidate appears for both categories II and III in C-CAT and qualifies in them, he/she will be provided separate ranks in Category II and Category III.

Candidates with the lowest 10% performances in section A, section B, and section C of C-CAT will not be qualified for ranking. Even after the removal of the lowest performers as stated above, if there exist candidates in any section with zero or less than zero marks, then these candidates will also not be qualified for ranking.

Qualified candidates who have selected Category II in the C-CAT application form will be awarded Category II rank based on their performance in Sections A+B. Qualified candidates who have selected Category III will obtain Category II and III ranks based on their performances in Sections A+B and A+B+C.

Important Notes:

- (i) If a candidate has applied for Category II or III, but is not qualified in Section A due to poor performance in it, he/she will not get any rank in Category II or III, even if the candidate has got good marks in Sections B and C.
- (ii) Similarly, if a candidate has applied for category II or III, but is not qualified in Section B due to poor performance in it, he/she will not get any rank in Category II or III.

Tie-Breaker Rule: If two or more candidates have acquired the same marks in Section A or Sections A+B or Sections A+B+C, then the candidate having more marks in Section A will be given the higher rank. If these candidates have the same marks in Section A also, then the candidate having higher value in the ratio of 'number of correct answers / number of attempted questions' in the specific section required only for that category of courses will be given the higher rank. Candidates who have the same value of this ratio, and having the same total as well as Section-A marks will be given the same C-CAT rank.

Admissions to C-DAC's PG Certificate Programmes at various training centres will be offered in the order of ranks obtained in C-CAT and based on the preferences of courses and centres given by the candidates during online counselling. Only those candidates who are in the C-CAT rank-list will be considered for admissions to C-DAC's PG Certificate Programmes.

Rank-lists of July 2026 C-CAT are only applicable for admission to the August 2026 batch of C-DAC's PG Certificate Programmes. Candidates should note that mere appearance in C-CAT or being in any of the rank-lists neither guarantees nor provides any automatic entitlement to admission. Qualified candidates will have to apply for admission as per the prescribed procedure.

Counselling & Seat Allocation Process

C-DAC's PG Certificate Programme admission process has two counselling sessions and three rounds of seat allocations. Counselling means online filling of preferences of courses and training centres by the candidates.

- There are two rounds of seat allocations based on the **first counselling**. This means that using the course-centre preferences given by the candidates during the first choice filling, two rounds of seat allocations (Round 1 and Round 2) will be done. Further details of the first counselling and first/second rounds of seat allocations are given below.

Depending on their C-CAT ranks, candidates will be allocated seats strictly based on the order of preferences of courses and centres given by them during the counselling.

If some candidates' ranks are not good enough to get them their top preferences in the first round of seat allocations, they may be offered their lower preferred courses/centres depending on their ranks. Such candidates may be allocated their higher-preferred course/centre in the second round of seat allocation, depending on their ranks. However, if candidates get their first preference in the first round of seat allocation itself, then that will be their final allocated seat and there will be no change for them in the second round of seat allocations. The seats allocated in the second round are final and there will be no further change in them.

Once the first installment is paid, candidates will have the option to lock/freeze the Round 1 allocated seat even if it is not their first preference. If candidates do not lock/freeze their lower preferred seat, they will be considered for Round 2 seat allocation after they pay the first installment fee. The seats allocated in the second round are final and there will be no further change in them.

- Through the **second counseling**, candidates who have not got/confirmed admission are given one last chance to online fill their preferences of courses and training centres for the vacant seats that arise after the second round of admissions. The second counselling is scheduled after the payment of the first installment fee of the second round of seat allocation. The third round of seat allocation is based on the second counseling.

During both the counselling sessions, candidates will be permitted to give preferences for only those courses belonging to the category (II or III) they had selected in the C-CAT application form. However, a candidate can give as many preferences of training centres and courses belonging to the applied C-CAT category.

Based on the C-CAT ranks, admissions to various courses at different training centres are offered in the order of preferences of courses and centres given by the candidate and the number of seats available for the courses at the particular centres. Therefore candidates must take utmost care while filling the order of preference of the courses and centres. Under any circumstance, a candidate will not be allocated another course/centre which was not given as a preference during the counselling stage.

Important Note: A candidate cannot join a lower preferred choice if he/she is allocated a higher preference in any round of seat allocation.

Course Fee:

The fees of all the PG Certificate Programmes (online and physical) offered by C-DAC are mentioned above pages. Government prescribed Goods & Services Tax (GST) rate shall be applicable at the time of payment of fee. (GST is 18% as in May 2026.) The course fee includes expenses towards delivering classes, conducting examinations, final mark-list and certificate, and placement assistance provided.

The fee for all the PG Certificate Programmes is to be paid in two installments (details given below). Candidates may take note that Demand Draft (DD) or cheque or cash will not be accepted at any C-DAC training centre towards payment of any installment of course fees.

First Installment of Course Fee:

The first installment course fee of Rs 15,000/- + GST on it as applicable at the time of payment (July/August 2026) is to be paid online as per the schedule given under Important Dates (Table 13). It can be paid using netbanking, UPI, and credit/debit cards through the payment gateway that will be opened upon clicking the 'Pay First Installment' button on the candidate's logged-in page on the C-DAC website. Candidates are advised to follow the guide-lines given on the payment gateway, and to print/keep the transaction details for their record.

On receiving the first installment fee at C-DAC, payment received message will be displayed when the candidate re-logs in on the C-DAC website. When the candidate clicks on the Receipt button, receipt of the first installment payment will be displayed on the screen as well as e-mailed to the candidate's registered email id. Candidates are advised to contact C-DAC Mumbai (022-27565308/26201604) regarding any issues they face during the payment of first installment of course fee.

Second (Final) Installment of Course Fee:

The second installment fees of the various PG Certificate Programmes (online and physical) are given in above pages. GST will be applicable as prescribed by the government at the time of payment of fees. The second installment is to be paid online before 18 August 2026 using netbanking, UPI, and credit/debit cards through the payment gateway that will be opened upon clicking the 'Pay Second Installment' button on the candidate's logged-in page on the C-DAC website. Candidates are advised to follow the guidelines given on the payment gateway, and to print/keep the transaction details for their record.

On receiving the second installment fee at C-DAC, payment received message will be displayed when the candidate re-logs in on the C-DAC website. When the candidate clicks on the Receipt button, receipt of the second installment payment will be displayed on the screen as well as e-mailed to the candidate's registered email id. Candidates are advised to contact C-DAC Mumbai (022-27565308/26201604) regarding any issues they face during the payment of second installment of course fee.

Cancellation and Refund

Candidates must read and understand the rules pertaining to payment and refund of fees, before seeking admission to any course. No disputes regarding refunds will be entertained once the fees are paid.

If a course at a particular training centre is cancelled by C-DAC due to any reasons, the course fee paid will be refunded to the candidates. However, these candidates may be offered admission to (i) the same course at another training centre preferred by them where seats are available as per their ranks; or (ii) another course preferred by them at the same centre or another centre of their choice, where seats are available as per their ranks. In such cases, the candidates have the option to choose the alternate centre/course before withdrawing the course fee paid.

During verification of the certificates at the time of registration, if any candidate is found to be non-eligible for the admitted course, the first installment fee of Rs 15,000/- + its GST will not be refunded. Provisionally admitted students who are unable to produce the proof of qualification for the admitted course by 31 December 2026 will not be eligible for any refund of fees.

Candidates desiring to withdraw their admission during any stage of the admission process (i.e. before the date of commencement of the course) may do so by online filling the withdrawal form that can be accessed using their login on the C-DAC website. After submitting the form online, candidates should print the withdrawal form, sign, scan and email it to actsfinance@cdac.in before the last date of withdrawal. Candidates should write 'Request for withdrawal from PG Certificate Programme admission' as the subject of the email. No e-mail requests for withdrawal without attaching the signed withdrawal forms will be entertained. Online withdrawal entries without emailing the signed withdrawal forms will not be considered for withdrawal or refund.

Withdrawal of admission by a candidate/student will attract penalties as given below. After deducting the penalty amount, the balance of fees paid (if any) will be refunded to the candidates/students within two months of commencement of the course. In Cases 1, 2 & 3 of Table below, the signed withdrawal forms should reach C-DAC ACTS Pune (actsfinance@cdac.in) before 5 pm on the last date mentioned.

Penalty on withdrawal of admission

Case	Withdrawal Period	Deduction (Rs) (Penalty)	Form to be Submitted at
1	25 July–31 July 2026 (5 pm)	Rs 1000/- + its GST	actsfinance@cdac.in
2	1-6 August 2026 (5 pm)	Rs 5000/- + its GST	actsfinance@cdac.in
3	7-12 August 2026 (5 pm)	Rs 10,000/- + its GST	actsfinance@cdac.in
4	13-23 August 2026 (5 pm)	Rs 15,000/- + its GST	actsfinance@cdac.in
5	24 August – 23 September, 2026	50% of the total course fees + its GST	Admitted centre
6	After 23 September 2026	Full fees + its GST (no refund)	Admitted centre

Additional Terms & Conditions

- (a) Candidate/student agrees that the information provided by them during application/ admission/course through forms, emails, or other means are correct. Candidate/student allows C-DAC to use the information provided by them for its own purposes, to the extent allowed by applicable laws, and contact them for communication through notification on its websites, emails, or SMS.
- (b) The cities, dates, etc. for C-CAT are indicative/tentative and may change as per evolving orders of the government and local authorities. Candidate agrees that while their city preferences for C-CAT will be taken into consideration for allotting test centres, C-DAC may allot any city or centre for operational and practical reasons at its own discretion.
- (c) Candidate/student agrees to provide reasonable additional information including, but not limited to, identification, fingerprint, audio/video surveillance, etc. for conduction or proctoring of physical or online examination for admission or course progression.
- (d) Application to the courses by candidates and/or admission in any of the courses by students shall indicate their acceptance of all Terms & Conditions, Conduct Rules, Dos & Don'ts, etc. as may be prescribed by C-DAC from time to time. C-DAC shall have the right to impose appropriate disciplinary and other penalties for violation of prescribed terms and rules, including cancellation of candidature, admission, placements, and/or award of PG Certificate Program.
- (e) In case a candidate is found to be non-eligible during any stage of the admission process or course delivery, his/her admission will stand cancelled with immediate effect and he/she will be subjected to the penalty clauses stated in section above.
- (f) Use of any unfair means, coercion, inducement, violent, indecent, disorderly, threatening, or offensive behaviour or language by way of gesture, voice, writing, symbols, etc. shall constitute ground for suspension/expulsion from C-CAT and/or course, or debarment from joining/attending C-DAC examination(s) and/or course(s) in future. Decision of C-DAC in this regard shall be final and binding. Such students shall be subjected to the penalty clauses stated in section above.
- (g) All communication from candidates must be made only to the email addresses and phone numbers given in relevant sections of this Admission Booklet. Sending emails or phone calling or messaging directly to officials of C-DAC or ATCs or parent government bodies is prohibited.
- (h) The courses, being full time, require that the students must engage and be available fully for the course enrolled in to. Students shall not engage in any other full-time/part-time activity, job, profession, educational course, etc. during the entire course period without prior permission. Non-compliance, may attract appropriate disciplinary and other penalties, including cancellation of candidature, admission, placements, and/or award of PG Certificate Program.
- (i) C-DAC reserves the right to modify or cancel any parts of the Admission Booklet, processes and results including, but not limited to, exams, mode of exams, question papers, announced dates, courses,

syllabus, cities, centres, intake capacities, ranks, seat allocation, candidatures, admissions, etc. as it deems fit, at any stage without assigning any reasons thereof.

- (j) All decisions of C-DAC with regard to the interpretation of the provisions of the admission booklet, processes and results shall be final and binding on all candidates/students.

Candidates/students are expected to follow C-DAC's guidelines and discipline and decorum during the whole admission process, course delivery, examinations, and campus placements. Non-compliance at any stage may attract appropriate disciplinary action and other penalties by C-DAC, including cancellation of candidature, admission, exams/results, placements, and/or award of PG Certificate Program. Ground-rules/guidelines regarding course delivery, examinations and placements shall be provided to the students by the C -DAC training centres from time to time.
