

International Conference on “Emerging Trends and Technologies on Intelligent Systems” (ETTIS-2021)

C-DAC Noida in association with the *Petroleum-Gas University of Ploiesti, Romania* is organizing a 02 day **International Conference on “Emerging Trends and Technologies on Intelligent Systems” (ETTIS-2021) in Online mode on March 4th – 5th, 2021**. We are pleased to invite interested members to participate in this conference. The conference will be conducted in **online mode** due to ongoing Covid-19 related restrictions.

Ø Aim of the Conference:

The International Conference (ETTIS 2021) will provide an excellent international forum for sharing knowledge and results in theory, methodology, and applications of Artificial Intelligence, Big Data, Cyber-Physical Systems, and Security in Industrial/Real-World settings. ETTIS 2021 welcomes papers in all sub-areas of artificial intelligence, machine learning, big data, and cyber-physical systems and security. The prime aim of the conference is to invite researchers and practitioners from both academia and industry from different domains of Computing and Information Technologies at a single platform to showcase their research ideas and share information about cutting-edge developments in the field.

Authors are welcome to contribute to the conference by submitting articles that illustrate on-going research results, projects, surveying works, and industrial experiences that describe significant advances in all of the related areas.

The Conference will provide a total of four technical tracks to all authors for their submission. So, each author may identify the most suitable track matching to their article/ research paper for submission of papers. The conference is proposed with the idea of an annual ongoing event to invite researchers on a single platform to exchange their ideas and thoughts. It will definitely evolve as an intellectual asset in long term years after years. Efforts will be put to make this conference as one the best conference in its area in upcoming years. Research papers from each track after the positive blind peer review by at-least two reviewers with good score will be selected for oral presentation during the conference. All papers that are accepted and presented in ETTIS 2021 will be published in the ETTIS 2021 Conference Proceedings.

Selected papers after the further revision will be submitted to Publishing Partner Springer Series (Approval In-Process).

Ø Target Audience:

- Academicians, Faculty Members, Research Scholars and students
- Business Professionals, Senior Level Managers, Executives
- Practitioners in Business and Non-Profit Organizations
- Policy Makers, Entrepreneurs, Enterprising Youth, Industrialists, Consultants etc.

Ø Conference Tracks

- **Track 1: AI and Applications**
- **Track 2: Big Data technologies**
- **Track 3: Cyber-Physical Systems**
- **Track 4: Information Security**

Ø Important Dates:

Last date for submission of Full length Paper	December 1, 2020
Paper acceptance Notification	January 8, 2021
Submission of Camera ready paper	January 15, 2021
Early Bird Registration	February 1, 2021
