C-DAC Mumbai's mSeva AppStore project receives the prestigious 'GovernanceNow - 4th Digital Transformation m-Governance Awards 2021

It's our immense pleasure to inform that C-DAC Mumbai has received the prestigious *GovernanceNow- 4th Digital Transformation m-Governance Awards 2021* on 18th November 2021 for its *mSeva AppStore* Project.

Mobile Seva Appstore' is India's first indigenously developed Appstore (under 'Atmanirbhar Bharat Mission') and is initiative launched by Ministry of Electronics and Information Technology (MeitY). The Appstore is now open for hosting all mobile applications including applications developed by private developers. Over 870+ organizational and individual developers have already onboarded the platform availing the service with authenticity. Over 1005+ Apps are currently hosted on AppStore.

Citizens can download the applications using QR code, App-link or our Main/Store App. Developers can host application free of cost. Take advantage and host your app and download from the secured Appstore mSeva Appstore.
