| 1    |    | Sri. Suraj Kumar      | I attended 30 hrs training on Ethical Hacking offered by CDAC-Kolkata. After successfully completing training I was offered 3 months of internship from CDAC-Kolkata and worked on various projects. It helped me in gaining practical and industrial knowledge, which resulted in getting a job in Xoriant Solutions Pvt Ltd Pune as Associate Software Engineer. I am very thankful to my faculties and mentors for guiding me and cooperating with me in my entire journey with CDAC-Kolkata                                    |
| 2    |   | Sri. Shubhadeep Ghosh | I did 30 hour online course from C-DAC and got selected for internship in Cyber Security projects in CDAC kolkata. After Completing internship I got job role of Information Security Analyst in CDAC Kolkata. I gain really great experience and knowledge in Cyber Security domain. Thank you C-DAC for giving me such an awesome opportunity  |
| 3    |  | Sri. Supriyo Ghoshal  | This course, for me, indeed, turnout to be not only beneficial for me in order to gain knowledge on cyber security but also encourages me to pursue this field as a career. Also the exposure that I got from this course is overwhelming which led me to the path of cracking internship with C-DAC, and landed me into the job role of Cyber Security Analyst with C-DAC. In my personal experience, I have never got such a wonderful team to work with in my career which is full of enthusiast men of all ages and experience |
