Workshop Objective

India will host the AI Impact Summit in New Delhi on the 19th and 20th of February 2026, to shape a future-oriented agenda for inclusive, responsible, and impactful AI cooperation.

C-DAC is organising the Workshop as a part of Pre-Summit Events in the lead-up to the AI Impact Summit.

The objective of this workshop is to provide the participants with the necessary knowledge in the field of AI Innovations and IP Asset Management to drive innovation and spur economic & social development in AI era. The workshop is designed to cover foundational concepts of AI technology and IP, explain key principles of Responsible AI, and equip participants to effectively navigate IP challenges in the AI landscape.

Target Group

The Target group of this programme are senior students (UG & PG students) and young professionals from any field of study or discipline, Academicians, Research scholars, Startups who wish to deepen their knowledge around AI & IP. The certificate will be issued to participants who attend all the sessions of the workshop.

Methodology

The content will be delivered through lectures/presentations as well as interactive sessions. Apart from C-DAC faculty, distinguished Guest Speakers would include Eminent Experts from Academia, Scientific community, Industry and Government Organizations.

Venue & How to apply

The Venue of the workshop will be C-DAC Mohali. Applicants can register for the workshop through online form. Acceptance of application will be intimated through eMail.
