Educational Technology Unit, CDAC Mumbai

presents

3-day workshop on eLearning Content Creation

Overview

This program is an in-depth workshop on eContent creation for online teaching and learning. It will provide an overview of different types of content that can be created along with relevant examples of actual content. On each day, specific aspect(s) related to eContent creation will be discussed, and relevant tools will be demonstrated. Pedagogical principles of creating eContent will also be highlighted to ensure that teachers create effective and engaging eContent with the given tools. Hands-on assignments (to be tried out at home) will be given at the end of each day, which participants have to submit by next day. Workshop faculty will provide feedback on the assignment submissions. Discussion forum will be setup to handle queries and to encourage peer interaction. The participants will be provided video recording of the presentations & tool demos, slides and an e-booklet containing information on relevant tools.

Target Audience - Teaching Faculty (only) of Colleges and High Schools

Dates - Thursday 10th Sept, 2020 – Saturday 12th Sept, 2020. **Timing:** 3 PM – 6:15 PM [3 Hours]
