NOTE:

In line with GFR-Clause 170 (iii), in place of Bid security/EMD the bidders can have the option to submit Bid Security Declaration letter duly signed & stamped by the authorized signatory of the bidding firm stating that “ If we withdraw or modify our Bid submitted to C-DAC against the subject tender during the period of bid validity, or if we are awarded the contract and we fail to sign the contract, or to submit a performance security deposit before the deadline defined in the tender document, we hereby agree that C-DAC has full rights to suspend/blacklist our firm/company for a period upto 5 years from participating in any of the tender to be invited by C-DAC henceforth. Further, C-DAC can circulate the suspended/blacklisted information of our firm to other government departments through concerned Ministry as a matter of precaution.

GC (ADMINISTRATION)
CDAC, NOIDA

Tender No.: 03 (3)/2017-Admn

Scope of Work: The scope of work of this tender is providing and fixing wall tiles to the boundary walls Anusandhan Bhawan and Academic Block Campus for the front inner side boundary wall i.e. facing main gate and both sides limited to building front face. The height of tiling work shall be up to the bottom of fencing level and pillars above fencing level are not taken into account for tiling work including finishing the edges, curing etc. complete, all as per detailed description given in Annexure-A.

Site Visit: Prospective bidders should undertake the site visit prior to giving commercial offer to achieve full and final laid down objective of C-DAC Noida.

TECHNICAL SPECIFICATIONS

All items of work contracted for shall be executed strictly in accordance with the description of the item in the BOQ, specifications read in conjunction with the appropriate Indian Standard specifications and conditions of the contract and established Engineering practices.

Dismantling old cement plaster

The Specifications of dismantling and demolishing of different elements of structures includes safety measures. Dismantling old plaster, raking out the joints and cleaning the surface shall be carried without damaging the structure. In case of any damage is caused to the structure, same shall be rectified to the original condition free of cost. All dismantled mortar & rubbish etc. shall be disposed off within 24 hours from its dismantling promptly as directed by the Engineer-in-Charge.

Manufacture and Finish of tiles

All ceramic wall tiles shall be of 1st quality of size, colour, shade, finish as specified of approved brand and manufacture. Tiles shall be legibly marked on the back with the name of the manufacturer or his trade mark, Manufacturer's batch number and year of manufacture. Sample of tile shall be got approved before bulk procurement at site.

Preparation of Surfaces and Laying tiles

Cement used to be acid and or alkali resistant cement and cement mortar to be used to be acid and or Alkali resistant mortar.

Surface of the wall on which the tiles are to be laid shall be cleaned, wetted and mopped. The bedding for the tile shall be with cement mortar 1:3 (1 cement : 3 coarse sand) or as specified. The average thickness of the bedding mortar shall be 15 mm or as specified while the thickness under any portion of the tiles shall not be less than 10 mm. Mortar shall be spread, tamped and corrected to proper levels and allowed to harden sufficiently to offer a fairly rigid cushion for the tiles to be set and to enable the mason to place wooden plank across and squat on it.

Over this mortar bedding neat grey cement slurry of honey like consistency shall be spread at the rate of 3.3 kg of cement per square metre over an area upto one square metre. Tiles shall be soaked in water washed clean and shall be fixed in this grout one after another, each tile gently being tapped with a wooden mallet till it is properly bedded and in level with the adjoining tiles. The joints shall be kept as thin as possible and in straight lines or to suit the required pattern.

Tender No.: 03 (3)/2017-Admn

Terms and conditions: -
